V. Old business - Discussed

HPS has 5 schools with different demographics feeding into the middle school and high school. HPS has been presented a plan from elementary schools to help make HPS more successful. 2 elementary schools are looking to merge and make each school a focus on specifics. Southwest is looking to be Primary K-2 and Longview would be 3-5. Teachers would have to look to opt-in or seek transfers. 3-5 school would look to become a 1:1 technology, looking at dual emersion and a possible IB for Grandview. Where would this lead Northview. Looking for balance in the district and success for all students.

VI. Indicators to Assess-Create-Monitor - Discussed

Monitor

Working on different calendar of events to help support our goals!

VII. Other Business

1. Community outreach will be on February 21 or 23. Details pending but ideas shared: teachers in classrooms, show students learning, foldables, finished projects, WIN activities. Bingo Card idea with a schedule of events throughout the building that could be visited. Share school wide focus of teaching nonfiction text to improve nonfiction scores. Provide mini lessons for parents in the auditorium. Give parents what they could do to help with comprehending nonfiction text. SIT reps will take information into grade levels and be prepared to report back. Why are we doing this? What do we want parents to take away from this event? What will we offer?
2. Create a community speaker day for April, before spring break. Teachers will be responsible to recruiting one person for the day for all of their classes. Looking at April 11th or 12th. (Lindee Parsons shared idea and will be a major go-to person for the event!)
3. PBIS Universals - Creating a reward card. Unanimous that students should not be rewarded for what is expected. Base rewards off of not getting behavior card signed and showing positive behavior beyond what's expected. Give tickets for no signatures weekly and for exceptional behavior. The tickets will be placed in a school wide drawing or grade level drawing. Make reward system universal and school funded.
