

Good evening Northview!

Our first week back from the break was a success. Thank you for all you will do to support your student to be successful this week.

Weekly Announcements

Inspired Learning will resume Monday, January 7.

Our PTA is still campaigning for the "Gift of Giving" to raise money to support the needs of Northview. This school year, PTA has already purchased the Kuta Program for Math Teachers, 250 headphones for students, and the Newsela & MobyMax renewals. In order for this support to continue, your assistance is needed with a donation. Any amount is greatly appreciated. Please send a check noted in the memo line "Gift of Giving" and labeled in an envelope, PTA, to the front office. Thank you in advance for any and all donations.

All students will be taking the Middle of the Year (MOY) i-Ready Reading Diagnostic on Tuesday, January 8. Please encourage your student to do their very best and ensure they get plenty of rest the night before.

Seventh graders whose parents have given signed permission will be participating in Healthful Living classes Monday - Thursday of this week during their Science class.

Challenger, Discovery, & Hickory Career & Arts Magnet will be visiting 8th graders on Thursday, January 10th to share information about what their schools have to offer. Please be looking for information to come home with your student concerning these schools on this day.
